Behavioral Health Intensive Outpatient Programs & Partial Hospitalization Programs

Partial hospitalization programs, which are commonly referred to as PHP, provide the most intensive, structured, level of non-residential, non-inpatient care. Similarly, Intensive outpatient programs, commonly referred to as IOP provide the same structured program however is typically less hours per day. The difference between PHP and IOP is the frequency of days and hours that the program runs and whether the program is housed within a hospital setting.

Home health care is a wide range of health care services that can be given in your home for an illness or injury. Home health care is usually less expensive, more convenient than and just as effective as care you get in a hospital or skilled nursing facility (SNF). Home health care may include the following services: skilled nursing, physical therapy, occupational therapy, speech therapy, social services, home health aides, nutritional services and infusion services.

CDBG - The Community Development Block Grant Program (CDBG) provides federal funding for projects to improve the quality of life for people with low to moderate incomes, revitalize urban centers, and address the urgent health and safety needs of low-income communities.

CDBG-CV - The Community Development Block Grant Cares Act (CDBG-CV) program provides grants to states, insular areas, and local governments to prevent, prepare for, and respond to the spread of COVID-19.

HOME - The Home Investment Partnerships Program (HOME) provides formula grants to states and localities that communities use- often in partnership with local nonprofit groups- to fund a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or home ownership or providing direct rental assistance to low-income people.

HOME-ARP - HOME-ARP funds assists individuals or households who are homeless, at risk of homelessness, and other vulnerable populations, by providing housing, rental assistance, supportive services, and non-congregate shelter, to reduce homelessness, and increase housing stability across the country.

ESG - The Emergency Solutions Grant Program is a federal program operated by the U.S. Department of Housing and Urban Development (HUD) to make grants to states, local governments, and territories for the purposes of funding activities that directly serve people experiencing homelessness, including people at risk of homelessness.

ESG-CV - Emergency Solutions Grant COVID Program (ESG-CV) funds must be used to prevent, prepare for, and respond to Coronavirus, among individuals and families who are homeless or receiving homeless assistance and to support additional homeless assistance and homelessness prevention activities to mitigate the impacts created by coronavirus.

HOUSING AND HOME REPAIR - The City of Canton offers a wide variety of programs to help residents maintain clean, safe, stable homes in our city neighborhoods. All City of Canton housing programs are open to everyone without regard to race, color, religion, sex, handicap, familial status or national origin.

DOWN PAYMENT ASSISTANCE PROGRAM - The City of Canton, in conjunction with Community Building Partnership, offers assistance to first-time home buyers purchasing within the Canton City Limits. The Down Payment Assistance Program provides up to \$5000 to assist with down payment and closing costs to low-to-moderate income first-time home-buyers as a 0% interest rate deferred loan forgiven at the end of 5 years. There is a required buyer contribution of \$500.

EMERGENCY HOME REPAIR PROGRAM - The Emergency Repair Program is designed to assist low-to-moderate income homeowners located within the Canton City Limits. An "emergency" is defined as the presence of harmful or threatening conditions where immediate public action is determined necessary.

Home Weatherization Assistance Program (HWAP)

3013 Mahoning Rd. NE, Canton.....330-452-9823

[HWAP - Home Weatherization Assistance Program \(sccaa.org\)](http://sccaa.org)

The Home Weatherization Assistance Program, commonly referred to as HWAP, is a U.S. Department of Energy-funded program. It is not an emergency response program. It is a program designed to improve energy efficiency and reduce energy consumption of Stark County's low-income households. Providing weatherproofing and energy efficiency measures, HWAP helps to make utility bills more affordable. Energy efficient measures may include a household audit, heating system inspection, attic and side wall insulation, or an electric baseload analysis (review) to address light and appliance efficiency. It does not replace furnaces, water heaters, roofs, install storm windows/doors, prime windows/doors, paint houses, remove water or mold from houses, or install siding or spouting. HWAP employs professional, certified staff and contractors, and uses specialized diagnostic equipment to identify structural needs. Services are available to homeowners and renters who meet the established federal program guidelines.

- **The Home Energy Assistance Program (HEAP)**

A federally funded program that provides eligible Ohioans assistance with their home energy bills. This one-time benefit is applied directly to the customer’s utility bill or bulk fuel bill. The amount of your benefit will vary and is dependent upon federal funding levels, how many people live with you, total household income, and the primary fuel you use to heat your home.

- **Percentage of Income Payment Plan (PIPP+)**

A long-term solution to maintaining home energy services. The program helps income eligible households maintain their gas and electric services by paying their utility company a percentage of their household income. Eligible households pay 6% of their monthly income or \$10 a month (whichever is greater) to their electric and gas utilities. Customers residing in all electric homes pay 10% or \$10 (whichever is greater). To be eligible for PIPP+, customers must have a household income at or below 150 percent of the federal poverty guidelines.

- **Winter Crisis Program**

Runs from November 1st through March 31st annually. Eligible households in emergency situations may qualify to receive (once per heating season) up to \$175 in payment assistance to help maintain, restore, transfer or initiate their gas or electric utility services. In addition, those with 25% or less supply of bulk fuel may also qualify to receive up to \$900 in assistance. The program also helps to pay for heating system repairs in limited situations.

- **Summer Crisis Program**

In Stark County, we experience the hottest months of the year during July and August and the heat really affects senior citizens and those with serious medical conditions. Our Summer Crisis Program provides electric-only utility assistance to households with an elderly member (60 yrs. or older) and to households who provide physician documentation that cooling assistance is needed for a member’s

health. The program duration is typically from July 1 through August 31 however the start date and benefit are determined annually by the Ohio Development Services Agency and are published in June.
